A Christmas Wish

I like to think that there will be
On Christmas Day, around each tree,
A feeling of the presence of
The Child God sent us with His love;
That there, beside each girl and boy,
He'll be, and sharing in their joy.

I like to think that, all the while
The gifts unfold, I'll see Him smile;
And that He'll hear our caroling,
And know it's for the thanks we bring
To God the Father, for His birth,
To be among us on the Earth.

May our Christmas time be gay;
But let's remember it's His Day—
Let's find a place for prayer in it,
And so have Jesus share in it.

Christmas Seal Sale Lagging

The Christmas Seal sale in Will County is lagging behind last year by more than 1,300 as of Dec. 19, the figures show. The amount contributed so far this year is \$26,512.

Donations from the townships in this area up to date total:

Frankfort \$69; New Lenox, \$900; Homer, \$320; Green Garden, \$83; Manhattan, \$309; Lockport \$2,863; Peotone \$536.

R. I. Ready To Lease Tract For Parking

Considerable off street parking is available in Mokena if all of the Rock Island railroad property north of the right-of-way along Front street was put to use, it was brought up at the meeting of the village board last week but no answer was forthcoming as to who would do the job.

Some of the board members suggested that perhaps the railroad could be persuaded to grade the portion now used by commuters and keep it free of standing water.

The railroad is not inclined to spend any money on such a project but has offered to lease the property to the village for a nominal sum.

The property runs from Mokena st., to Wolf road. It is largely used by commuters but there is about a block of it that isn't used at all now, it was pointed out.

The village board at Frankfort hopes to get a lease on New York Central property along Kansas street for use for off-street parking. The property is now leased by the Lions club there but the Lions are willing to turn it over to the village.

The Mokena board is also confronted with the problem of draining water off Wolf road near LaPorte road.

Some adjustments are to be made in a sewer line at the east end of the village.

People have been reminded by the board that permits to connect property with the sewer mains should be taken out as soon as possible. There is not too much time left, it was pointed out, before householders and building owners who are not connected with the village sewer will be required to pay penalties for non-compliance with the ordinance.

Highway Stop Fatal To Rider

An occupant of one of the cars involved in a collision on U.S. 45 about five miles south of Frankfort around midnight Saturday died Monday at Silver Cross hospital, Joliet.

He was Alberto Mendez, 39, of Chicago Heights. He was a passenger in a car driven by Mario Ocanas, 24, also of Chicago Heights. Ocanas is under treatment at Silver Cross.

According to the report of state police Ocanas had been traveling south on U.S. 45 when he had a flat tire. He made a U-turn and parked on the highway to fix it, according to the report. His car was struck by another southbound car, driven by Carl Hopkins, 51, of Peotone. Hopkins apparently escaped injury as did another occupant in the Ocanas car, Daniel Chapa, 24, also of Chicago Heights.

Ocanas was given a ticket for illegal parking on a state highway.

More Light At N. Lenox

Street lighting in the village of New Lenox is being extended, improved, and modernized by the addition of 34 new lighting units.

Installation work by the Public Service Co., is proceeding rapidly, and all units were in operation in time to give the village a "new look" for the holiday season.

First Mass In New Church At Country Club Hills Is Set For Christmas Eve

BY MARGOT BARTNIK
Sycamore 8-7742

Setting what is believed to be a record -- building a church within nine weeks of the time the idea was born -- Roman Catholics of Country Club Hills will attend mass on Christmas Eve in the new structure, known so far as St. Joseph Mission Church.

The church has been built for the most part by volunteer labor. The work was completed last week-end. The choir has been rehearsing. Everyone has been in a rush.

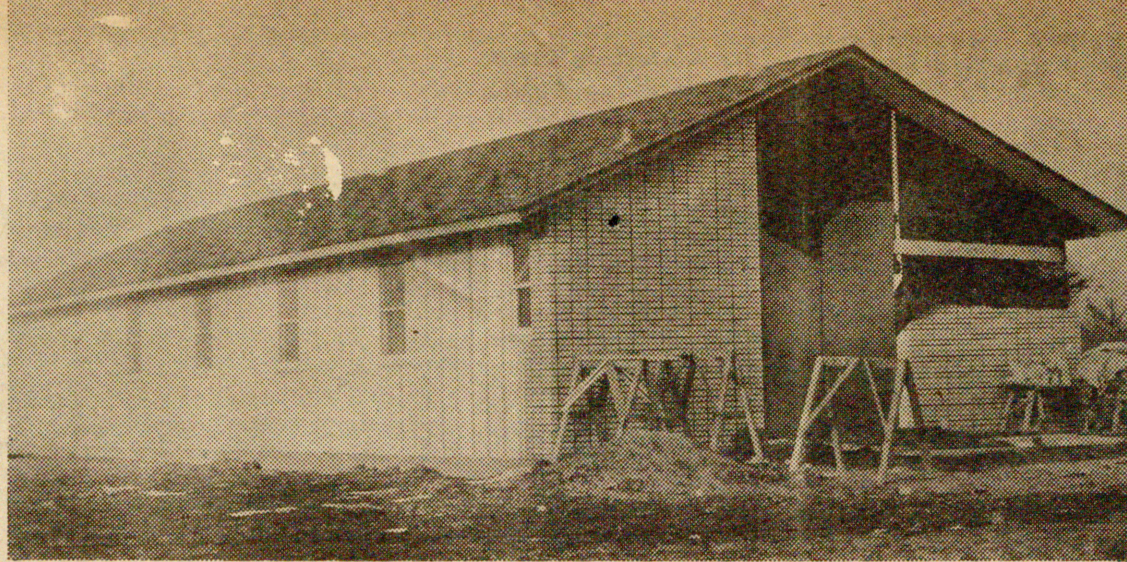

When the actual work was begun with weeks ago those in charge of the project set their sights on completing it in time for a midnight mass on Christmas Eve, so there is little wonder the families who will worship there have been in a fever of excitement -- hoping the church would be ready by the appointed time but fearful of encountering some obstacles that would delay the program.

Now everything is ready. The Rev. Robert J. Loftus, assistant at St. Joseph church, Homewood, will be the celebrant of this first mass at the Country Club Hills church. Billy Arvant, Billy Schomburg, Mike Thyfault and Jack Murray will be the altar boys.

The next mass will be celebrated at 9 a.m. on Christmas day with young Thyfault and Kenneth Kelly as altar boys.

On Sunday, Dec. 27, open house will be held at the church from 1 to 5 p.m. and the public, particularly residents of the community, are invited. Members of the building committee will wear name tags and ready to answer any questions regarding this unusual and successful undertaking.

Several committees have been established, under the direction of Mrs. Wayne Meekins. Heading the decorating and set-up committee, is Mrs. Donald West. Assisting her are Mrs. Lee Hoffman and Mrs. James Cronin. Also giving a hand in picking up and returning tables, setting up chairs, etc., will be Jack Lynch, Bill Schomburg, and Michael Thyfault. In charge of refreshments is Mrs. Charles Mahoney who will be aided by Mrs. Joseph Colon, Mrs. James Allison, Mrs. James Cuculich, and Mrs. Betty Hooper. Refreshments will consist of cookies and punch. Serving will be under the supervision of Mrs. Donald Merrion, who has on her committee the following: Mrs. John Larmon, Mrs. James O'Connell, Mrs. Thomas Harmon, Mrs. Thomas Quigley, Mrs. William Schomburg, Mrs. Alois Lewandoski, Mrs. Louis Duerinck, Mrs. George Brogan, Mrs. James Nally, Mrs. Dan Kelly, Mrs. James Cronin, Mrs. Cleo Thyfault, Mrs. Rod Dabe, Mrs. Larry Simon, Mrs. William Coughlin, and Mrs. Charles Soukup. On the Clean-Up Committee, under the supervision of Mrs. Thomas O'Shaughnessy, are: Mrs. Daniel Fiekert, Mrs. William Manning, Mrs. Joseph Green, Mrs. Noel Patton, Mrs. Mathew Kozal, Mrs. Norman McMullen, and Mrs. Walter Leomas. Young people also helping out in the Clean-Up are: Susan Francis, Betty Brisk, Billy Schomburg, Jack Murray, Michael Thyfault, and Billy Arvant. Times of the mass to be said each Sunday in the new church will be announced later.

ST. JOSEPH MISSION CHURCH at Country Club Hills was built in eight weeks, mostly by volunteer labor, and while there are still some touches necessary the structure is ready for use and the first mass in the new church will be held at midnight on Christmas Eve. The front is being covered by brick and eventually the entire structure will be similarly treated. (Marvin Smith Photo)

Plan Commission O.K.'s Unit 6 Plat

At the Country Club Hills City council meeting Dec. 14, it was announced that the planning commission had approved a preliminary plat of Unit #6. This will come up for council approval at the next regular meeting.

All census information, including maps, has been sent to the census bureau.

A hearing on the oft-publicized Luebke swimming pool case took place on Saturday, Dec. 12, before Magistrate Louis Duerinck. The judge reserved decision.

Further study and debate was decided upon in regard to re-wording an amendment to the ordinance covering permits to solicitors within the city limits. It was stated at the meeting that the amendment as it now stands, gives discretionary powers to the Police department. No permit will be issued at the present time until applicant has registered with the police department.

If the Lake Shore Oil Co. is successful in its request to annex the two acres more or less on which the company is building gas stations. Already under construction is a gas station on the north east corner of 183rd & Crawford, and work is to begin soon on another gas station to be located on a tract of land on Brennan Hwy., between Kilpatrick and Cicero. Harry Robb, spokesman for the Oil firm announced he was authorized to spend \$1,000 to help bring water and facilities to this property. If this cannot be worked out, the company will make plans to sink wells and cesspools. He stated that there would be enough land on the gas station sites for several other stores to build.

Regardless of whether or not it will be possible to use city water facilities, this company is desirous of being annexed a spokesman said, Leland Rayson city attorney, is investigating the possibility of annexing land on the southeast corner of 183rd and Crawford Avenues.

Mayor Nally appointed Frank Ryan of 18011 Thomas Lane as superintendent of streets. At some future meeting, the council will set up a public works department.

Also discussed at the council meeting, was the proposed route of the Moline Expressway. The plan commission is contacting neighboring communities to get their aid in attempting to re-route this highway. If all attempts are futile, second choice would be an underpass at Kostner avenue.

Ice Cream A Treat For Holiday Tables

Nearly everyone likes ice cream—so keep some on hand for unexpected holiday company.

For a good freezer dessert, Geraldine Acker, University of Illinois foods specialist, suggests ice cream pies. Simply fill a baked pie crust with ice cream, wrap and freeze. At service time, top with a thick meringue and bake in a very hot oven.

Parfaits are another favorite freezer food. Fill parfait glasses

es with sirup and ice cream, and keep in the freezer until ready to serve. Don't add fresh fruits because they will freeze and become chunky.

Crab Orchard Lake, largest in Illinois, covers 7,000 surface acres and has a shoreline of 103.5 miles.

Yellow Alert In Effect
By Police Over Holidays

BY DELORES ANDERSON

New Lenox 3651

"Last year on this date 208 persons died in Illinois traffic accidents, and unless motorists exercise extreme care the same thing could happen again this year," Police Chief George Kennedy said today.

Kennedy noted that the state-wide traffic hazard alert, Traffic Condition Yellow, is now in effect to call motorists' attention to the increasing danger of holiday travel.

New Lenox police will step up enforcement against traffic violators in connection with the Yellow alert, Kennedy said.

Condition Yellow is part of a state-wide traffic safety campaign called Project Salad. Salad stands for Save-A-Life-A-Day, and if the program is successful, there will be 31 fewer traffic deaths this month than in December a year ago.

"We do not intend to put a damper on the holiday spirits," Chief Kennedy said, "but we fully expect continued compliance with traffic laws which are designed for everyone's protection."

Condition Yellow will continue in effect throughout the state until 6 p.m. Dec. 24. At that time, safety officials and enforcement agencies will start the Condition Red segment of the month-long campaign.

The Red alert, which will be in effect throughout the 78-hour Christmas holiday, will signal the start of an intensified crack-down on traffic violators.

Children of members of the Second Child Study club were entertained at their annual Christmas party Dec. 12, at the Lions Den. Eighteen mothers and about 45 children attended the affair. On arrival the children played group participant games.

Twenty students of the Minuth School of Dance presented a short but very entertaining program un-

der the direction of Mrs. William Minuth. Luncheon was served at Christmas decked tables, and a gift exchange followed.

Party arrangements were made by Mrs. Dale Drake, Mrs. Gerald Roedel, Mrs. Larry Greenman, and Mrs. Harold Dailey.

Mrs. Roland Cagwin has charge of preparing a Christmas basket for a needy family from funds, and canned goods, donated by members.

Mr. and Mrs. Roland Spires, 154 Barbara Lane, were host to the Barbara Lane Improvement Corp. for their Christmas party.

Dinner was served at eight o'clock after which there was a gift exchange. Each lady present received an apron made by Mrs. Spires and each of the men received a handkerchief.

Mrs. Ora Spires of Joliet, played musical selections on the organ, as part of the entertainment.

The decorations were most unique. The Christmas tree made by the host and hostess was of gilded tubular pieces decorated with red and pink puffs of nylon net and string beads. A blue spotlight was placed at the inside base of the tree to shine upward to the golden top piece. As part of the outside decoration, the driveway was lighted with burning candles, while Christmas music was heard from a loud speaker.

Those attending the dinner were: Mr. and Mrs. Wayne Hamilton, Mr. and Mrs. Archie Ward, Mr. and Mrs. Jack Erickson, Mr. and Mrs. William R. Penn, Mr. and Mrs. Robert Small, Mr. and Mrs. Victor Tinley, Mr. and Mrs. Wayne Town, Mr. and Mrs. Joseph Turner, and Mr. and Mrs. George Spires.

The youth of the Nazarene church held a unified service last Sunday, under the direction of teachers, Mrs. William Southerland, Mrs. William Pester, and Mrs. Warren Smith, when the story of Christ's birth was portrayed in recitation, song and pantomime.

The adult choir presented a program Sunday night entitled, "The Festival of Carols," by Rosemary Hadler and Ellen Jane Lorenz. The narration was done by James Pate. The program was under the direction of Boyd Fee and the accompanist was Mrs. Lawrence Crawford.

The Sunday School of Grace Episcopal church held their annual Christmas program and service Sunday night at the church.

On Dec. 16, the Rev. Humphrey C. Dixon held at 5:30 a.m. Advent celebration of the Holy Communion and distribution of Christmas gifts for the ladies of the home at the Illinois Soldiers and Sailors Home in Wilmington. He was assisted by Deaconess Edith Parsons.

The New Lenox Unit of Home Bureau will hold a Christmas party at the home of Mrs. Edward Berens on Dec. 30. A potluck dinner will be served at 12:30 p.m.

Pvt. Dale Gullickson of Fort Leonard Wood, Mo. arrived home Dec. 19 to spend the holidays with his parents, Mr. and Mrs. Clarence Gullickson and family. He will return to camp Jan. 3.

Amongst students who arrived home Friday to spend the holidays with their families, are: The Misses, Doris Smith, Janice Kadow, Patty Dath, Marilyn Sayers, Vivienne Eisenbrandt, and Dotte Anderson from Illinois State Normal University, at Normal; Christine Duffy, from South Illinois U.; Marie LaVinn, Dona Anderson, and Dennis Becker from University of Illinois; Charles Hammond, from Vandercook at Chicago; Norma and Bill Heidrich from Beloit college.

Mrs. Octavia Pugh who has been quite ill at her home on Cedar road the past several weeks, was moved to the home of her grand-daughter, Mrs. Thomas Barrowman, last week, at 1708 Hosmer street, Joliet, where she is being cared for.

Daniel Deadmore, 34, son of Mr. and Mrs. Lew Deadmore of Blue Island, and former residents of New Lenox, received his doctor's degree in ceramic engineering this past week at the University of Illinois.

Daniel has been teaching in the engineering department at the uni-

versity for the past several years where he and his wife and two daughters have lived.

Schools Upper Grades
Form Recreation Club

BY MRS. EMIL WILLIE
Frankfort 3161

The four upper grades of the Ann Rutledge school have formed a recreation club under the help and chairmanship of Mr. and Mrs. William Frankenberg.

On Nov. 10, the meeting was brought to order by William Frankenberg and an election of officers was held as follows: president, Jane Chapman; vice president, Bob Balsie; secretary, Paulette Janard; treasurer, Mike Delaney and sergeant-at-arms, Bill Staton.

The recreation club purchased a ping-pong table and a few other games with money from their treasury which they get by selling potato chips, candy and pop at their meetings. An enjoyable time is had by all the children attending these parties as the meetings are short and there is a lot of time for games. The chaperones at this party were Mrs. John Van Donk, Lloyd Alton and Mr. and Mrs. William Frankenberg.

On Friday evening Dec. 11 the second meeting was held. At this time they decided on a motto for the club, which is: Be courteous, cheerful and courageous and you will find these club meetings worthwhile.

It was decided to have a sleigh ride and a skating party for club members only in the near future. The recreation club has purchased sweaters for the cheerleaders.

After the meeting they held their Christmas party. Carols were sung and cocoa and cookies were enjoyed while sitting around the fireplace. Stockings filled with goodies were also distributed. Chaperones were Mr. and Mrs. Rudy Urbano, Mrs. and Mrs. Charles Jones, Lloyd Alton, Mrs. J. Delaney and Mr. and Mrs. William Frankenberg.

Maybe grandma worked harder than today's housewife, but her spring cleaning didn't include sweeping out the swimming pool.

Use Plastic Bags For Outdoor Christmas Lighting Protection

Before you decide exactly how to string your outdoor Christmas decorations, you'd better give some attention to the electrical needs.

University of Illinois agricultural engineer Frank W. Andrew says outdoor decorations usually mean bringing power outside the house by means of an extension cord. Be

sure the cord is in good condition. A wather-proof rubber cord that can stand some moisture is best.

To help insure good safe connections, wrap the connection with a plastic bag such as you use in freezing foods. Fasten with string to help keep moisture out.

Also, be sure that lights, sockets and other articles are designed for outdoor use.

ONE OF THE WORST CRASHES of the year. Two lives were snuffed out -- the occupants of the passenger car -- when auto and semi-trailer came together at the junction of Wolf rd. and U.S. 6, near the Wabash

tracks. The accident occurred last week. The picture is run as a warning of what a moment's carelessness or forgetfulness on someone's part can do. Drive carefully during the holidays. (Marvin Smith Photo)

Beat Reavis To Take Lead In SWS Cage Loop, Lose To Argo

Carl Sandburg's Eagles soared into first place in the SWS Conference by beating Reavis, 66-60. Reavis became the Eagles fourth victim in conference place for the top spot.

On Saturday, in the battle of the unbeaten, Sandburg succumbed to Argo, 59-52. Actually, it was a great battle until the second half. Don Arnold was injured in the second quarter. The loss of Don's rebounding and great shooting was too much for the Eagles to sustain and they finally were defeated after seven straight.

Bremen took its second loss of the campaign and the first in SW Suburban play from the Vikings of Homewood-Flossmoor, 80-68.

Reavis has given everyone trouble in the circuit. Bremen was fortunate to take the Rams on last week-end, they did it with a double technical foul.

Sandburg got a good lead on the Rams, but when some of the Eagles height fouled out the Rams began to close the gap. The Rams finished the game just six points behind.

hind.

The Eagles one-two punch of Arnold and McBride were rather cold on Friday evening. But a young man by the name of Ron Lindgren was a blistering basket hitter for the second straight game. Lindgren poured in 21 points.

Last Saturday Ron made the big difference in the Oak Lawn game when he dumped in 17 points.

Junior, Lindgren, is about 6'3" tall and is currently developing a rather unorthodox shot into a very effective scoring punch for the Eagles. If Lindgren can be counted on for consistent scoring it will mean that Duane Erickson will have to split duties at guard with Dick Barry.

It will mean that Sandburg is going to be much tougher over the next half of the season. Lindgren may make the difference that the Eagles have needed to cope with the likes of Bremen and Homewood.

At any rate, he is a pleasant surprise to coach Bill Adams. It is not that Adams did not consider him, but it just didn't expect

Carrie Maute Dies; Burial At Frankfort

Funeral services for a former Frankfort resident, Mrs. Carrie Mae Maute, 73, were held last Friday at Granville, Ill., with burial in Pleasant Hill cemetery, Frankfort. She died Dec. 16 in St. Francis hospital, Spring Valley.

Mrs. Maute was born at Granville and returned there after the death of her husband, Adolph, in 1938. Prior to that time the Mautes lived at Frankfort for quite a number of years.

4-H NEWS

Browsing Through The Cold Stove League

BY DEAN DALLAS
Semmler Press Sports Editor

That SWS is going just the way that we suggest that it would. Bremen, who gave Rich the worst drubbing in its short stay in the SWS, fell before a taller and well coached Homewood-Flossmoor team by a dozen points. This was a surprise to many people. Actually, it was a surprise to all of us.

However, the balance, with exception of Evergreen Park, has never been quite as fine as it is this year. Reavis, winner of only one game, has not really been beaten badly by anyone and the story is the same with Lincoln-Way.

Rich, thus far at any rate, has found the needed horses on a given night to win enough games to be tied for second place with Bremen and Homewood-Flossmoor. Their luck ran out against Thornton on Saturday evening.

Homewood-Flossmoor has height and plenty to burn. Their bench sports more height than any other team in the SWS circuit. Bremen will, no doubt, rebound at the home engagement with the Vikings. The Braves still have the horses, people think.

But there is a team called Carl Sandburg who just hasn't read the dope ratings properly. However, The Eagles have not played anyone of the three teams who are currently tied for second place. All three of these teams have given a loss to each other.

A rough road to the SWS crown is stretched out for the Sandburg team. They will have to meet Rich, Bremen, and Homewood-Flossmoor in their next three ball games. Bremen and Homewood-Flossmoor will give no end of trouble. If the Eagles play their usual brand of ball they should handle the Rockets with not too much pressure.

So--even tho Sandburg is riding the crest with a 4-0 mark they are not a certain champ. In fact, a prediction at this moment is a guess. One or two of those teams on the bottom half of the league are going to have something to say about the final outcome. The Knights of Lincoln-Way, The Reavis Rams, and Oak Lawn Spartans will be the culprits that knock off the Braves, Vikings, and Rockets -- and the Eagles too.

There is plenty of balance and you will find the conference winner sporting at least two or three losses. A tie for the top could also happen.

In baseball there was a three-way tie and that could be a mirror of what could happen in the basketball battles of this year.

ONE OF THE MAGI that appeared in the Christmas play, "A Little Child Shall Lead Them" staged Sunday night in the Frankfort Methodist church. The program developed as a series of scenes, with a narrator. The interior of a Christmas tree ornament served as the setting. The production was directed by Edward Cornelius, of Evans-ton, a divinity student. Some 25 persons -- adults and children -- took part. This Wise Man was portrayed by Glen Ferrell, 341 Oak street, Frankfort. This will be the first Christmas for the Methodists in their new church. (Marvin Smith Photo)

Homewood-Flossmoor Conquers Bremen

Last week it was glorious! Rich had been vanquished! The Braves had handed the Rock-et a terrific drubbing. The score was 92-65 to be exact.

Friday proved to be the undoing. Homewood-Flossmoor with the aid of ex-Bremen center, John Pryz-bla, turned back the young and powerful Bremen quintet, 80-68.

This was the same team that Rich had beaten by 10 points. Remember, Jim Mifflin had scored 31 points in the Rich encounter. Jim was good for only 15 in the Homewood contest. To add to Bremen's woes he fouled out of the contest. With him went Bremen's prime scoring punch.

The Bremen juniors fought hard, but were not the match for the larger men from Homewood on this particular evening.

Burkhardt of the Vikings had a rather good defensive set-up that helped to turn back the high scoring Mifflin. Of course, 15 points is not a bad evening of work for the average high school ball player and one should not be slighted for a mere 15. However, greater things are expected from this James of Bremen.

Homewood - Flossmoor looked much more the basketball team than they did in the Rich game. The pressure was off the Vikings and on the Braves. So the league is thrown into a great deal of consternation. Out of all the shooting, running, and scoring the Carl Sandburg team emerges with an unblemished slate, 4-0.

Bremen is dropped to second and from the unbeaten ranks in SWS play. It was the second Brave loss. They lost an earlier contest to Blue Island by a four point spread.

Probably the greatest shock was the 12-point margin that H-F held over Bremen at the games conclusion. Mifflin might have helped the cause had he been able to remain for the entire game. Jim would not have made enough difference to bring Bremen a victory. Even with 15 points he seemed to be shooting his worst effort, since the opener with Thornton Fractional South.

John Ragsdale did a fine job against the larger and taller men from H-F, but without Mifflin was not quite as effective.

Bremen's scoring was relatively divided again, but the Braves will have to wait until next time when they meet the Vikings in their own tepee in Midlothian.

The Redmen get the easier part of the schedule in the first of January. After the vacation they meet Evergreen Park, Lincoln-Way will give plenty of battle, but Bremen should win this one.

These will be the preparation for the battle with Carl Sandburg -- this is; if the Eagles emerge from the Rich, H-F battles with at least a split.

Bremen has learned that this loop is strong and you cannot count on anyone being dead. They should be tougher from here over the remainder of the season.

Wanting to hold to the belief cherished by every child yet assailed by doubt thru the jibes of youthful scoffers just coming into the know-it-all age, Virginia O'Hanlon, then a small girl, carried her query to the highest tribunal she knew.

Some of her young friends had told her there wasn't any Santa Claus, Virginia wrote the New York Sun. Virginia wanted to know if there was. Would the Sun answer the question because her father had always said that if one saw anything in the Sun it was true.

That was 62 years ago and the answer to Virginia's question, composed by one of the editors, Francis B. Church, has become a classic and to our mind would be borrowed each year and used as a Christmas editorial. Most of us probably have heard or read it many times but it can always be read again and with profit. To that end we reproduce it here.

"Yes indeed, Virginia!

"Your little friends are wrong. They have been affected by the skepticism of a skeptical age -- they do not believe except what they see -- they think nothing can be which is not comprehensible by their little minds.

"All minds, Virginia, whether they be men's or children's are little.

"In this great universe of ours man is a mere insect, an ant, in his intellect, as compared with the boundless world about him, as measured by the intelligence capable of grasping the whole of truth and knowledge.

"Yes, Virginia, there is a Santa Claus.

"He exists as certainly as love and generosity, and devotion exist, and you know that they abound and

A Merry Christmas To Everyone

give to your life its highest beauty and joy. Alas! how dreary would be the world if there were no Santa Claus! It would be as dreary as if there were no Virginias. There would be no childlike faith then, no poetry, no romance to make tolerable this existence. We should have no enjoyment, except in sense and sight. The eternal light which childhood fills the world would be extinguished.

"Not believe in Santa Claus! You might as well not believe in fairies!

"You might get your papa to hire men to watch in all the chimneys on Christmas Eve to catch Santa Claus, but even if they did not see Santa Claus coming down, what would that prove? Nobody sees Santa Claus, but that is no sign that there is no Santa Claus -- the most real things in the world are those neither children nor men can see.

"Did you ever see fairies dancing on the lawn? Of course not, but that's no proof that they are not there -- nobody can conceive or imagine all the wonders that are unseen and unseeable in the world.

"You tear apart the baby's rattle and see what makes the noise inside, but there is a veil covering the unseen world which not the strongest men that ever lived could tear apart. Only faith, fancy, poetry, love, romance, can push aside the curtain and view the supernal beauty and glory beyond.

"Is it all real? -- Ah, Virginia, in all this world there is nothing else real and abiding.

"No Santa Claus!

"Thank God! -- he lives, and he lives forever. A thousand years from now Virginia, nay, ten thousand years from now, he will continue to make glad the heart of childhood."

GLENN F. LOGAN

At this time of the rolling year -- to borrow a phrase from Dickens, the master of phrases -- people are more considerate . . . less

critical and more understanding . . . smile more readily . . . and are more generous in spirit as well as with their temporal goods.

This is the Christmas season and if we could keep the spirit prevalent now thruout the year we could shed practically all our ten-

sions and worries.

There are enough things in the world for everyone if they were shared. Our besetting sin appears to be greed and from greed -- for either goods or power -- comes most of our troubles.

Only at the Christmas season do we manage to bury our greediness.

There are many groups and organizations today with plans for the betterment of individuals, cities, states and nations. There are other groups and organizations with plans to bring peace to a troubled world. Nations confer and strive for agreements which they hope will preserve peace. But none of the plans and ways work out. There is always someone that wants more than his share.

A child was born in Bethlehem almost 2,000 years ago whose later teachings provided a plan and a way for a peaceful world but two few paid any attention to them then and too few pay any attention to them now.

Maybe if the spirit of Christmas could last thru an entire year we could get on the right road and find it a good place to travel.

Meanwhile, now is the time to read Dickens "Christmas Carol" again. It hardly seems possible there are many persons, and persons who can read, who have not read this classic, yet statistics say this is so. Most everyone has heard of it, however, or has listened to radio versions or caught it in the movies or on TV but anyone who is reading "A Christmas Carol," for the first time is to be envied.

Merry Christmas everyone. Merry Christmas from all of us at the paper to all of you who read it.

Poinsettia Will Flourish-With Care

By James Fizzell

Asst. Cook Co. Farm Adviser
The Yule season is a time of friendship, warmth, and cheer. Our homes are cozy with the glow of the Christmas lights and decorations. As much a part as the tree itself are the Christmas flowers and plants.

Proper attention to the needs of the plants will assure you that they will last and will lend their charms to your home throughout the season.

Few holiday plants are more striking than the poinsettia. A native of Mexico where it often becomes a ten foot tall bush, the "point" has become the traditional Christmas plant. The familiar, red flowers forms are most popular, but whites, pinks, and semi-doubles are available. The colored structures we call flowers are actually bracts. The flowers are the little yellow parts in the center of the clusters. The poinsettia must be handled with care if it is to remain presentable for its length of time. Strive for uniform temperatures in the 60 degree-75 degree F. range, and reduce the thermostat at night. Put your plant in a place where it gets bright, but not direct sunlight, and where the air is not too dry. If the plant is in a window where there is danger of chilling, take it out of the window or draw the shade at night. Maintain soil moisture at moderate uniform levels.

Poinsettias are very sensitive plants. Drafts, too warm or too cool temperatures, sudden temperature changes, dry atmosphere, improper watering, and dim light can cause loss of leaves and withering of the bracts.

Two attractive annual plants, the Christmas pepper and Jerusalem cherry, are often used at Christmas time. When purchased, they are covered with red fruit and fit beautifully into the holiday color scheme.

These plants should be placed in good light and in a cool place if possible. The warm dry temperatures in many of our homes rapidly dry out the fruit and the plants become unattractive sooner than necessary. The soil should be kept uniformly moist.

Fruit of the Jerusalem cherry is supposedly poisonous. The Christmas peppers can be dried and used as spices. Use them cautiously, they are extremely hot.

The pot mum has deservedly become one of the most important and popular gift plants for all seasons. Even though the normal flowering date for most mums is November, research has shown the florist how to produce blooming

mums any day of the year. They are available in a wide range of colors, and easily last a month or more if given proper care.

To insure a long blooming period, select plants that are not entirely open, and that still have some unopened buds. Pots often dry out rapidly. Check often to see if they need watering.

Bright light is necessary to keep the plant in good growing condi-

tion and to produce the true color of the opening flowers. Keep the plant in a cool room at night, and avoid dry, overheated rooms during the day.

Always purchase your plants from a reputable florist. You may be able to get plants cheaper from other sources, but only a florist can guarantee the quality you demand for maximum life and beauty of the plants you give and receive.

Letters To The Editor

Dear Sir:

The Tinley Park water tank bond issue remains fascinating food for thought. In commenting on the situation at this time our village attorney states that the bond market was stable back in 1957 when the contract between Benjamin and Lang and the village of Tinley Park was signed. He then states that by referendum time "Conditions had changed". In what way had they changed? Had they changed to our advantage? The Village Board is on record as saying that they had. At least this was the impression that they tried to convey to us in numerous pieces of propaganda circulated throughout the Village prior to Referendum Day.

As an example lets take one letter, undated, but on a village letterhead and signed by the village president, village board, and village clerk which every family in the village received thru the mails shortly before referendum. It reads as follows: "A word of explanation if we may: About a year ago the men who have provided the financial know-how on the project, Benjamin and Lang, advised us to take our time. Time was then working in our favor, as those of you who follow finances and interest rates know. During the period we have been exploring dozens of possibilities and ways of solving our problems, the interest rates have been edging lower. We've actu-

ally saved some thousands of dollars by taking our time! Now it looks like the decline has bottomed out". "Finance, Material, and Construction costs will be going up so now is the time to make this plan roll". This was written all most one year after the signing of the contract with Benjamin and Lang, a period of time in which as explained in this letter of theirs interest rates were going down. Now our Corporation Counsel tells us that between the time the contract was signed and the day of Referendum, interest rates had been going up. Here is absolute contradiction. Which statement are we to believe? We evidently believed the first or we would never have approved that bond issue at Referendum. Exactly what is going on here?

If it is true, as stated by our village attorney, that at Referendum time the interest rate on this type bond had risen to 4.6% why did we wait seven months watching the interest rate rise to 4.9% before we decided to try to sell the bonds? With this history of inaccuracy as background, Mr. Bannes, chairman of the finance committee, made a recommendation recently that once again the firm of Benjamin and Lang be hired as fiscal agent charged with the sale of these bonds. As usual in the council chambers of "This Administration" the yea's were loud, clear, and unanimous. Did any of the Trustees, including Mr. Bannes, ask why, if as stated in last weeks newspaper, Benjamin and Lang is willing out of the goodness of their hearts to absorb part of the increased cost, they didn't do so at referendum time when the rise in rate was .1% instead of .3% as it is now. What are these gentlemen's agreements and verbal agreements entered into by our Village Government? Has a gentlemen's agreement or a verbal agreement any status under the law? Are all the trustees knowledgeable parties to these unwritten agreements? Are some of them? Or better yet are any of them? Where can an interested citizen go if he wishes to peruse the terms of these agreements? Are the village trustees so busy yea'ing everything and anything in sight that they forget that the Citizens they are supposed to represent have a right to demand that agreements entered into by them have absolute basis in law? In allowing Benjamin and Lang to absorb part of this in-

THIS LUCKY DOLL - need never complain of nothing to wear. Her "mother", two-year old Carla Ann Newgren, Palatine will be delighted with this Christmas present of a 15 inch doll and the large collection of doll clothes for every occasion. Each outfit is complete with accessories, and dolly will look her best whether in party clothes, sports and lounge wear or when ready to retire. All of the doll clothes, complete to the shoes and hats, were made by the loving hands of Carla Ann's grandmother, Mrs. Joseph Burk, 16722 New England ave., Tinley Park. The cedar chest in the background will hold all of the outfits.

creased cost is not the village government accepting a gift of \$2,790? Do Mr. Bannes and the other trustees comprising the village board think that it is good practice for a municipality to place itself in a position where someday they may be asked to reciprocate in kind for previous favors granted them?

Shouldn't we in good conscience absorb this increased cost ourselves, if it is the price of our own folly? Admittedly we would be \$2,790.00 poorer but in the conduct of any future negotiations with Benjamin and Lang we would at least be our own masters.

When, if ever are the Members of the Village Board going to act out of their own convictions as to what is right and what is wrong?

If we must wait until a year from April to replace everyone in the governing body who term expires at that time then we must. The members of the board whose terms do not expire at that time still have an excellent chance to justify the trust placed in them by the people of Tinley Park and should lose no time in doing so.

Signed, **Vox Populi**

Countryside News And Views

WILLIAM F. WHITESIDE
Cook County Assoc. Farm Adviser
The Cook County Vegetable Growers' School will be held Jan. 13 at the Municipal Building in South Holland. A committee of vegetable growers from the South Cook area helped arrange the program last week. The program will deal primarily with production problems covering insect control, weed control and disease control. The Illinois State Vegetable Growers Association meeting will be held January 14 and 15 in Joliet. The topics of "Marketing Vegetable Products" and the "Labor Situation" will be discussed at the state meeting.

While talking about the Vegetable Growers Association, I think it appropriate to report that Bill Lorenz of Chicago Heights, formerly a 4-H Club member, was elected national president of the Junior Vegetable Growers Association, at their annual meeting

December 7th to 10th in Washington, D.C. We are proud to have the president of the National Junior Vegetable Growers Association residing in Cook County.

The South Cook 4-H Fair Association sponsored a recognition banquet for 4-H Club leaders. The banquet was held last week at the Zion Lutheran Church in Tinley Park. Floyd Adair and Herb Kohl were recognized for their many years of service as president and secretary respectively, of the South Cook 4-H Fair Association.

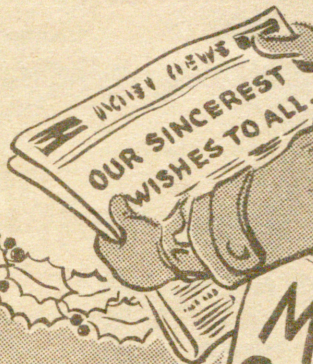

Earl Siemsen and Mrs. Leroy Bauman both of Tinley Park, gave the response on behalf of the 4-H leaders. I thought their remarks were very appropriate. They pointed out that the banquet or an awards program were not the things that kept leaders leading. Interest in working with young people, they felt was the most important attribute of a successful leader.

At the leaders' recognition banquet, Floyd Adair presented to the 4-H Federation on behalf of the Bloom Aggies 4-H Club, the money remaining in the Bloom Aggies' club, which is inactive at present. Our thanks to the former members of the Bloom Aggies and to Floyd Adair for the contribution.

The new Shelby soybean variety will be available in 1960. It is primarily adapted to the southern half of Illinois, being somewhat late in maturing in this area. Harosoy is the most popular variety in northern Illinois and makes up about one-third of the soybean acreage planted in the state. The new variety Lindran, which will be available in 1961, may replace some of the Harosoy acreage. It is very similar to Harosoy in maturity. It will give a slightly lower yield, but seems to stand somewhat better than Harosoy.

Building plans for Feeb Cattle, Hog and Dairy buildings and equipment are available at the Extension office.

The best news we
could have would
be to know that
you and yours enjoy
a glorious Yuletide.

Dogs Serve As Guards At NIKE Bases

Man's best friend may be his dog, but men assigned to Nike-Hercules missile sites of the United States Army Air Defense command think that both the dog and his master are nice to have around. Sentry dogs are relieving the missilemen of extra guard duty.

The army has approved an increase of personnel for Military Police Security Guard detachments at each Nike-Hercules battery site. In January, an additional nine MPs for each battery will begin arriving at the missile units. Each will then have 13 MPs.

Already there are approximately 300 sentry dogs, each with an MP Security Guard to serve as handler, at Nike-Hercules sites throughout the nation.

Sentry dogs now patrol the Nike-Hercules sites at Lemont, Illinois, near the Argonne National Laboratory, and at Porter, Indiana.

Before the sentry dog teams came along, men assigned to Nike sites regularly pulled guard duty in addition to assigned duties at their missile stations. Some relief came with the assignment, during the last year, of four sentry dogs and four handlers to each of the Army's missile site converted from Nike-Ajax to the new Nike-Hercules. They also have been assigned to all sites scheduled to be converted to Hercules, and there are sentry dog teams in training now for the five new city defenses scheduled to receive Nike-Hercules units. These are St. Louis, Minneapolis-St. Paul, Kansas City, Cincinnati, and Dallas-Fort Worth.

With the newly-approved nine-man augmentation, the MP Security Guard Detachment at each Nike-Hercules site will be able to take over all of the mandatory security guard duty.

May the peace
of Christmas be
yours now and
evermore.
